# From The Whyte House

Well, here we are in April. It seems like yesterday we were in January. I wanted to take just a moment and remind us of our theme for the year, "Unleashed." we talked in January about unleashing the power of God in our lives and through our church. I also want to remind us about our "unleashed" lists where we put a few names down of those that need to know about Jesus and who we need to invite to church. Well, get ready because we all have the opportunity to invite those on our lists to our Easter Breakfast of Pancakes and Sausage on Easter morning, April 16, from 9:00-10:20. Invite them to join you and your family for breakfast and then to be your guests at service beginning at 10:30. What better way to celebrate Easter than with those on your list who need to hear about the risen Savior. I am excited about this event and looking forward to meeting your friends on Easter Sunday morning.

Blessings,

*Ja*

The recreation of Leonardo Da Vinci's famous painting "The Last Supper" performed by men of OCC will be held at the church on Wednesday, April 12 at 7:00 pm. For middle & high school students, this will take the place of youth group. This is for everyone to come and watch. The Living Last Supper incorporates the DaVinci painting as a model for the set and is also meant to represent a true picture of the Last Supper, which was a celebration of the Passover Feast. ...The speaking parts are meant to allow us to hear the inner thoughts of each man.

# MISSION

# SPOTLIGHT

Each month at OCC, we will spotlight one of the 11 missions that we support. Information about all the missions/missionaries we support is also available on our website [www.oakleychristianchurch.com](http://www.oakleychristianchurch.com) under the MISSIONS tab. This month's spotlight is

**Manhattan Christian College** (to learn more go to their website [www.mccks.edu](http://www.mccks.edu))

Manhattan Christian College was founded in 1927 as a four-year undergraduate institution of higher education. Originally named Kansas Bible College, it received its original charter from the State of Kansas in 1929 under the name Christian Workers University. The campus was purposefully located in the center of Manhattan, Kansas directly across the street from Kansas State Agricultural College, now Kansas State University. This proximity to a major university has provided students with unique educational opportunities as well as a combination of cultural, recreational, and evangelistic opportunities. In 1930 the name of the college changed to Manhattan Bible College. Under this name, the college was granted a charter by the Secretary of State of the State of Kansas on June 9, 1930. A certificate of Amendment to the Articles of Incorporation changing the name to Manhattan Christian College was legally certified by the Secretary of State on July 1, 1971.

*MCC is in the process of building a multi-purpose center. Below is information about from their website:*

“The world needs more Christian leaders who live with integrity and have the heart to serve. The **Next Generation Campaign** and the construction of a multi-purpose Activity Center at the corner of 14th and Laramie will improve the visibility of Manhattan Christian College and help recruit more students, enhance student life and help retain more students, and enlarge the space available for leadership training both inside and outside the classroom.

Since 1927, MCC has been a Christian institution for higher learning. Accredited by both the Higher Learning Commission as well as the Association of Biblical Higher Education, we train Christian leaders how to put Christ first in their lives and how to influence those around them. With more than 2,100 graduates serving in many different professions, MCC remains committed to its original mission and purpose to impact the state of Kansas and the world for Christ.”
